

EDGE® SOD UNROLLER

The simple design of the EDGE sod unroller requires no hydraulics, and provides an easy and economical method to quickly laying large rolls of sod.

OPERATIONAL BASICS

Slide the roller shaft through the center of the sod roll, drive up to the roll and lift up to begin unrolling the sod. Use this bi-directional attachment to quickly place sod in forward or backward path. The EDGE sod unroller features a strong tubular frame constructed of 3" x 3" x 1/4" steel and handles rolls of sod with fiber or plastic core up to 48" (1219 mm) wide and 60" (1524 mm) in diameter.

SPECIFICATIONS

Model	Weight (lbs/kg)	Max. Opening (in/mm)	Max. Dia. (in/mm)
SU48	275/125	48/1219	60/1524

FEATURES

- Simplify the process of unrolling large sod rolls up to 48" (1219 mm) wide and 60" (1524 mm) in diameter
- No hydraulics required
- Strong tubular frame constructed of 3" x 3" x 1/4"
